**OVERVIEW**

AEM is a single source provider of IT services, product development, robotic engineering, manufacturing engineering, machining and manufacturing services.

From concept to production, AEM specializes in providing the necessary skill for engineering, design and manufacturing needs. AEM engineering specialists work collaboratively with clients to achieve responsive designs and integrated systems for flexible, efficient, and cost effective solutions. AEM has a full service industrial and military design department specializing in product design and development, prototype development, cost reduction, analysis, manufacturing and automation.

PRODUCTS AND SERVICES

Abrasive blast cleaning, Glassbead peen, shot peen, roto-peen, heat treat, surface enhancement, peening, automotive, medical and aviation parts per specification SAE S 13165, AMS 2430, 2432, SAE HS-84.

OVERVIEW

BG&S is a surface enhancement company that provides surface conditioning to both ferrous and non-ferrous metals, augmenting its endurance, resistance and strength. It also increases product life from 100 to 1,000 times longer than the original manufactured life without increasing product design or production cost.

BG&S provides Shot Peening, Glass Bead Peening, Ceramic Peening, Flapper (Roto) Peening, Slurry Peening, and Abrasive Blast Cleaning with Glass Bead and Plastic Bead Media.

PRODUCTS AND SERVICES

Reliable, high quality interconnect products to the aerospace, industrial and marine industries. Interconnect specialization includes wiring harnesses for engine, airframe, test and ground equipment, as well as ignition leads for various applications.

OVERVIEW

Co-Op Aero is an industry leader that has been a manufacturer of electrical wiring cables and interconnects for over 62 years. With the last 14 years under current ownership, Co-Op strives to bring affordable quality products to the aerospace, marine, and industrial markets. The company is located in Fort Worth, Texas, in a modern 48,000 square foot (4459 square meter) manufacturing facility.

To develop an interconnect solution, Co-Operative Industries offers new design, build-to-print, and Parts Manufacturer Approval (PMA) options. We engineer harnesses from customer drawings or design and manufacture custom harnesses based upon your specifications. Supported by a newly expanded facility, Co-Operative Industries' design and manufacturing approach allows for on-time delivery of affordable, quality products.

## PRODUCTS AND SERVICES

Manufacturer of complex, specification intensive components & assemblies. Services include technical information, print review, reverse engineering & design, complimented by full service precision contract machining, fabrication, prototyping & assembly

### OVERVIEW

[Fort Walton Machining](http://www.fwmachining.com) is a recognized leader in the manufacturing and assembly of custom designed, precision machined parts for the aerospace, commercial, defense and medical industries.

Services include and are not limited to:

- *CNC & Manual Machining*
- *Abrasive Flow Machining*
- *Sheet Metal Fabrication*
- *CNC Milling*
- *CNC Turning*
- *Mechanical Engineering Services*

### SPECIAL EQUIPMENT

Conventional & CNC milling/turning, water jet machining, surface grinding, precision honing, drilling, line boring; certified welding & precision sheet metal. Conventional ferrous & non-ferrous metals, exotic metals, engineering plastics, fiberglass & rubber

<b>811420</b>	Reupholstery and Furniture Repair

## OVERVIEW

Aero Twin is a global aviation engineering and manufacturing center, based in Anchorage, Alaska. Founded in 1975, Aero Twin has experience in manufacturing and sourcing approved after-market aircraft products. Aero Twin is an FAA certified repair station (No. FE4R177M) covering Class I, III, and IV airframes, limited power plant and propeller, hose and cable repair, and janitrol heater services. Aero Twin is also an authorized parts distributor for Cessna single engine, Caravan, and Caravan II aircraft, as well as the Corrosion X line of corrosion inhibitor products.

## OVERVIEW

Established in 1975, A&S Tribal Industries (ASTI) is a certified small disadvantaged business, owned by the Fort Peck Tribes. ASTI is a contract manufacturer offering metal fabrication, punching, bending, stamping, welding, and machining capabilities. ASTI also offers cut and sew material capabilities. ASTI is housed in a modern 184,000 sq. ft. plant facility with immediate rail, commercial air, and major highway access. ASTI specializes in the mass production of build-to-print manufactured items.

## OVERVIEW

International Aero Interiors, Inc. (IAI) is a FAA/EASA Certified Repair Station specializing in Aircraft Cabin Interiors. IAI offers solutions ranging from component overhauls to fleet wide reconfigurations. IAI is a fully integrated supplier of aircraft interior equipment and services. IAI offers dedicated interior services to airlines, leasing companies and MRO providers.

## OVERVIEW

A.M. Precision Machining, Inc. (AMP) is a manufacturer of precision machined components and assemblies for the Aerospace, and Defense, Industrial, and Power Generation Industries. AMP offers experience manufacturing flight critical parts and specializes in solutions requiring exotic metals including: Inconel, Hastalloy, Titanium, Magnesium, Beryllium, Waspalloy.

AMP offers machining capability including turning (up to 94 inch), 5-axis machining, EDM processes (conventional and wire), gun drilling, and grinding. AMP's machining center is supported by a team of engineers providing CAD/CAM and CNC programming, solid surfacer package and IGS, ProE, and complex surface importation.

## OVERVIEW

Alle-Kiski Industries, the former Gentile Manufacturing, Inc., (AKI) has the ability to design, machine, fabricate metal, custom and production machining and welding any material, installation and training. Company's facility has 27,000 sq. ft. of space and a complete machine shop. AKI services include also sandblasting, painting capabilities, heat treating, assembly and quality assurance.

AKI is a multi-shift operation which allows it to optimize equipment and manpower. AKI possesses a wide range of materials such as: carbon steel alloy, stainless steel, aluminum, copper, brass, plastics, nickel, inconels.

## OVERVIEW

Boneal is a manufacturing solutions company that operates as a Prime Contractor for Government and private industry. The company is not limited by internal capabilities, it leverages a diverse supply chain that allows it to bring the resources of many vendors together to satisfy a particular customer need. This makes Boneal not only extremely adaptive and agile, but also contributes to reduced overhead and the most cost effective product offering. As a final step in quality assurance, Boneal assembles and quality checks every item within its own manufacturing production facility before shipment to the customer.

Boneal maintains diverse and substantial internal manufacturing capabilities. Manufacturing operations include: CNC machining; custom injection molding; power coating; CNC precision sheet metal fabrication; electro-mechanical assembly; packaging; kitting; distribution; and technology development. While these capabilities provide a dependable supply line for product manufacturing, they primarily exist to provide an internal capability that allows for on-demand surge capability.

## OVERVIEW

Precision Component Industries (PCI) is a contract machine shop, offering a full range of CNC machining services, including grinding, turning, boring, CNC milling, solid carbon EDM, and product design support. Exotic Materials - monel, titanium, invar, cres, delrin, vespel. PCI specializes in small runs, typically under ten pieces. PCI has experience with a variety of metals and plastics. Typical products produced include: shaft, piston, sleeve, collar, spindle, cylinder, housing, pivot, pin, rim, ram, rod.

## OVERVIEW

Sechan specializes in the design, fabrication and test of sophisticated, highly reliable electronic and electromechanical systems and subsystems, utilizing automatic and semiautomatic assembly and testing techniques.

Sechan maintains core competency in the areas of circuit card assembly, wire harness fabrication, box build assembly, and system integration. Products manufactured include high complexity, mixed technology, digital, and RF circuit card assemblies, requiring precision placement of electronic components, including BGA, Micro-BGA, and CSP packages.

Wire harness assemblies ranging in complexity from two (2) to one thousand five hundred (1500) wires are produced. Box build assembly activities range from one (1) to four hundred (400) units per month. System integration efforts involve not only primary assembly, but also include system software upload, system provisioning, and field support.

## OVERVIEW

The Sheet Metal Products Company supplies an infinite variety of Custom Metal Fabrications and Custom Hinges to a broad range of customers. Commercial Industries served encompass Transportation, Medical, Construction, Packaging and Automotive. Processes include lasering, punching, forming, rolling, mig/tig and spot welding, machining and finishing. Parts are manufactured in various materials such as steel, stainless steel, galvanized steel, aluminum, plastic, inconel, brass and copper. Complete turnkey capabilities incorporate wet and powder painting, anodizing, plating, silk-screening assembly and special packaging . The Sheet Metal Products Company has a new 55,000 sq ft. state-of-the-art facility, and employs Just in Time/Kanban procedures.

## OVERVIEW

Graphic Research, Inc. is committed to producing the highest quality product that meets or exceeds national, international and/or customer requirements. To meet this commitment, quality assurance has developed and instituted a comprehensive “in process and final quality assurance system”, which clearly identifies process deficiencies, equipment capability and defect trends using Pareto analysis and attribute control charts. In addition, design of experiment, dispersion analysis, and cause and effect diagrams are used to monitor new processes and to solve any technical problems which may arise. The metallurgical lab routinely tests:

- Copper deposits for purity and ductility
- Wire bondability of gold Plating (Au or Al wire)
- Cyclic voltametric stripping analysis
- Destructive analysis

## OVERVIEW

Lyncole is a grounding and electrical protection company. It manufactures the Lyncole XITTM grounding systems that are warranted for 30 years and provide a high performance, stable grounding solution. Lyncole's engineers provide ground systems designs, testing, complete grounding/electrical protection surveys and teach a two-day class.

Products and Services cover the following: grounding, lightning protection and surge suppression. Lyncole is also a distributor for both Megger and AEMC test instruments.

## OVERVIEW

Carmin Industries is an integrated manufacturing company with widespread capabilities, serving many industries. Carmin's core operations include: production of assembled components for military aerospace and kits for a wide variety of military applications. Other specialties include: CNC bending, welding, and metal finishing.

## SPECIAL CERTIFICATIONS

AS9100:2004 (REV C)  
 ISO 9001:2000

## SPECIAL EQUIPMENT/SOFTWARE

Carmin has a 37 inch belt sander. This allows them to remove burrs on edges or to create a satin or polished finish on stainless steel or aluminum. Carmin also has a state-of-the art 66 ton Guifil Press Brake, a dual axis CNC controller for precise bends in materials from shim stock up to 1/4" thick.

## OVERVIEW

EMS specializes in precision sheet metal fabrications and laser cut parts for the Defense and Aerospace, Food, Process Control and Refrigeration Industries. In 2005, EMS and two other small business manufacturing firms joined together to form a joint-venture Trilogy Defense Services. This teaming arrangement has expanded EMS' capabilities to include those of its partner companies. Trilogy Defense Services (TDS) offers U.S. Government and defense contractors the ability to easily and conveniently do business with one supplier providing an umbrella of diversity including a service disabled veteran-owned, an 8A, small disadvantaged business, and a woman-owned small business company.

## OVERVIEW

Patterson Machine Inc. (PMI) is a contract machine shop serving the aerospace, medical, and commercial communities. PMI has recently developed a chem-film line capable of treating aluminum to military spec. Mil-C-5541. PMI capabilities include: Manned Space Flight Hardware, Missile Components, Ground Support Targets, Computer Components, Models, Medical Instruments, Bending, Punching.

## OVERVIEW

Phoenix Specialty is a HUBZone certified small business manufacturer, founded in 1907 and located in Bamberg, SC. Phoenix Specialty specializes in washers, shims, and precision stampings including:

### WASHERS

- O.D. from .05" to 5"
- Thickness from .0005" to .265"
- Over 200 different raw materials in stock

### SHIMS

- Leading manufacturer of precision shims
- Ultra-thin parts to .0005"
- .001" and .002" standard parts

### PRECISION STAMPINGS

- Flat and shallow form
- Wire EDM die-making in-house
- CAD/CAM to CNC Machine & Lathe

## OVERVIEW

Precision Machining Services, Inc. (Precision) is a Woman Owned Small Business that specializes in the manufacturing of close tolerance parts. Precision has served numerous industries such as Aerospace, Defense, Photographic, and Medical fields. Precision offers value added services to its customers such as welding, passivation, chromate, priming, painting and assembly which are all in compliance with Military specifications and customer requirements.

## OVERVIEW

Quality Networks Inc. (QNI) is a manufacturer of high quality electronic subassemblies, wire harnesses, cable assemblies and printed circuit board assemblies. QNI supplies electrical connections to the automotive, appliance, communication, military, heavy equipment, mobile security and transit bus industries. Product lines include: electronic systems, complete electrical distribution systems, cable and wiring harness systems, custom injection molding, contract kitting and testing.

## OVERVIEW

Talladega Machinery and Supply has steel castings capabilities up to 6,000 #, aluminum to 450 #, turning to 20" dia. X 132" lg., milling to 8 ft. cube, gear hobbing to 72" dia. Fabrications capabilities include: 8 ft. wd. X 40 ft. O/L. Laser cutting to 1" thk. Talladega also provides machinery rebuilding, hose, fittings, mil spec plating, painting. Talladega is an industrial supply source for the forest products, textile, wire, printing, power generation, bakery and various OEM industries. Talladega operates a steel foundry, two machining facilities (one CNC, one conventional), and a large 135,000 sq. ft. fabrication and machine assembly plant.

## OVERVIEW

Volumatic has been serving the commercial and military aircraft/aerospace, and the electronic industries since 1969. Volumatic offers manufacturing processes using 3 and 5 axis machines. Volumatic manufactures aircraft parts such as SPAR, RIBS, bulkhead, and supports from most materials including PH 13-8-MO, aluminum, stainless steel and titanium. Castings, forgings, weldments and complete dip brazed assemblies are also machined by Volumatic.

# INDEX BY CAPABILITIES

## COMPOSITES/PLASTICS

Composites Horizons, Inc.	46
Foam Matrix, Inc.	47
Laguna Industries, Inc.	51
Nor-Ral Plastics, Inc.	80
Plasco Formulating Division, Inc.	14
Unitech Composites, Inc.	6

## FABRICATION/MANUFACTURING

### Assembly

Alle-Kiski Industries	19
A.M. Precision Machining	7
Boneal, Inc.	22
Castle Precision Industries	45
Eagle Tool & Machine Co.	26
Custom Manufacturing & Engineering, Inc.	75
EJM Aerospace Services	76
Electronic Connectors, Inc.	28
Global Manufacturing Technology	78
Hicksville Machine Works Corp.	29
Hood Cable Co.	65
Integrated Technologies, Inc.	3
International Creative Data, Inc.	30
M2 Global Technology, LTD	66
Penn Metal Fabricators, Inc.	33
Precision Manufacturing Company, Inc.	35
Precision Machining Services, Inc.	83
Quality Network, Inc.	84
R&D Electronics Inc.	85
Santourian Manufacturing, Inc.	56
Stanek Tool Corporation	16
Talladega Machinery and Supply	87
Tal-Port Industries, LLC	69
Tampa Brass & Aluminum Corp.	88
Technology Solutions, Inc.	17
THE CENTECH GROUP, Inc.	62
The Sheet Metal Products Co., Inc.	38
Total Concepts of Design, Inc.	18
Unitech Composites, Inc.	6

### Manufacturing Services

E2 Precision Products	25
Eagle Tool & Machine Co.	26
Kit Pack Company, Inc.	50
M2 Global Technology, LTD	66
THE CENTECH GROUP, Inc.	62
The Sheet Metal Products Co., Inc.	38
Valco Manufacturing, Inc.	70

### Metal Treatment-Coating

Hi-Tech Metal Finishing	64
Integrated Technologies, Inc.	3
M2 Global Technology, LTD	66
Patterson Machine Inc.	81
Penn Metal Fabricators, Inc.	33
Precision Machining Services, Inc.	83
Superior Machine & Welding Inc.	5
Talladega Machinery and Supply	87
Tampa Brass & Aluminum Corp.	88
THE CENTECH GROUP, Inc.	62
Total Concepts of Design, Inc.	18

### Microwave Technology

M2 Global Technology, LTD	66
---------------------------	----

### Refurbishment

Regent Aerospace Corp.	55
Talladega Machinery & Supply	87
Total Concepts of Design, Inc.	18

### Repair Services

Regent Aerospace Corp.	55
Superior Machine & Welding, Inc.	5
Talladega Machinery & Supply Co., Inc.	87
Team Specialty Products, Corp.	58
Technology Solutions, Inc.	17

### Sheet Metal Fabrication

A&S Tribal Industries	2
Boneal, Inc.	22
Hicksville Machine Works Corp.	29
Integrated Technologies, Inc.	3
M2 Global Technology, LTD	66
Muskogee Metalworks	79
Patriot Machine, Inc.	13
Penn Metal Fabricators, Inc.	33
Santourian Manufacturing, Inc.	56

## GENERAL

### Machining

Superior Machine & Welding	5
A.M. Precision Machining, Inc.	7
Electro Optics Manufacturing Inc.	9
Micropulse, Inc.	11
Midwest Gear & Tool	12
Lenape Forged Products Corp.	31
The Sheet Metal Products Co.	38
Independent Forge Company, Inc.	49
M2 Global Technology, LTD	66
Patterson Machine, Inc.	81
Phoenix Specialty Mfg. Co.	82
Talladega Machinery and Supply	87
Tampa Brass and Aluminum Corp.	88

### Electronics

Integrated Technologies, Inc.	3
Interface Systems, Inc.	10
Technology Solutions, Inc	17
Electro Energy Inc.	27
Electronic Connectors, Inc.	28
International Creative Data Industries	30
Precision Manufacturing Company, Inc	35
Sechan Electronics, Inc.	36
Secure Systems Group	37
A.T. Waveguide Components	44
Graphic Research, Inc.	48
Lyncole Industries, Inc.	53
Q-PLUS Labs	54
Sierra Monolithics, Inc.	57
Team Specialty Products	58
Hi-Tech Metal Finishing	64
M2 Global Technology, LTD.	66
Witter Manufacturing, Inc.	71
Bryant's Precision Manufacturing Corp.	72
Certified Manufacturing, Inc.	74
Custom Manufacturing and Engineering, Inc.	75
Quality Networks, Inc.	84
R&D Electronics, Inc	85

### Composites/Plastics

Unitech Composites, Inc.	6
Plasco Formulating Division, Inc.	14
Composites Horizons, Inc.	46

Foam Matrix, Inc.	47
Laguna Industries, Inc.	51
Nor-Ral Plastics, Inc.	80

### Textiles

Creative Apparel Associates, Inc.	23
Orion Ropeworks, Inc.	32

### Fabrication/Manufacturing

Aero Twin, Inc.	1
Alle-Kiski Industries	19
A&S Tribal Industries	2
International Aero Interiors, Inc.	4
C&F Machine Corp.	8
Patriot Machine, Inc.	13
Polster Tool Engineering, Inc.	15
Stanek Tool Corporation	16
Total Concepts of Design	18
Ashland Electric Products	20
Bauer, Inc.	21
Boneal Inc.	22
Durivage Pattern and Mfg. Inc.	24
E2 Precision Products	25
Eagle Tool & Machine Co.	26
Hicksville Machine Works Corp.	29
Penn Metal Fabricators, Inc.	33
Precision Component Industries	34
Precision Manufacturing Co., Inc.	35
Space-Craft Manufacturing, Inc.	39
Tens Machine Company, Inc.	40
Trireme Manufacturing Co. Inc.	41
Vermont Aerospace Manufacturing, Inc.	42
A&M Aerospace, Inc.	43
Castle Precision Industries	45
Kit Pack Company, Inc.	50
Llamas Plastics, Inc.	52
Regent Aerospace Corp.	55
Santourian Manufacturing, Inc.	56
AAA Machine Metal Stamping & Mfg.	59
Aero CNC, Inc.	60
A.G.H. Industries, Inc.	61
